

# STORYBRUSH

Paint your life. Bring it home.

## STORYBRUSH.COM launches: Upload digital images to create one-of-a-kind oil paintings.

January 1, 2009. Seattle, WA.

Introducing STORYBRUSH.COM, a newly launched Website offering one-of-a-kind oil paintings created from your digital images. It's simple: You choose any digital image—whether it be of a pet, a portrait of a loved one, a wedding snapshot, a cityscape, or a country home—and upload the file simply and quickly at STORYBRUSH.COM. A handmade oil painting is then created to your specifications—including sizing and stretching options—and delivered to you by mail.

STORYBRUSH was founded by a group of artists and Internet enthusiasts living in Seattle and Shanghai. Our first experiences with the STORYBRUSH painters came out of a personal interest—namely, immortalizing digital photographs as oil paintings. The process of collaboration was so successful and exciting that we decided everyone should have the opportunity to experience it. We want to help you tell your story in paint.

The STORYBRUSH process is a partnership between digital technology and the timeless tradition of oil painting. Your high-quality product is at once a memento, a story, and a personal journey. You supply the digital image and one of our skilled painters creates a faithful rendering using oil paint on canvas. Our painters give each painting the touch that makes this medium unique and wonderful. Whether this custom painting is for your living room, best friend, colleague, or grandmother, it's an affordable, easy, and fun new outlet for digital photography.

For as little as \$150, you can create a one-of-a-kind painting for your home. In an age of mass production, globalization, and standardization, something as uniquely personal as a painting is a great luxury.
